

## Special Balloting On New District Set For Tuesday

Maximum Tax of 2 Mills  
Per \$100 Possible  
for District

A special election has been called in Meadow Lake Township to be held concurrently with the general election Tuesday to decide whether or not a cemetery district shall be formed here.

The district, to be known as the Truckee Cemetery District, will embrace all the area in the boundaries of Meadow Lake Township, which has an assessed valuation in excess of \$2,500,000, according to Supervisor H. G. Locher. From this assessed valuation, a small tax will be imposed, not to exceed .002 per \$100 for the purpose of acquiring and maintaining a suitable cemetery or cemeteries.

The district will be governed by a board of directors composed of three members to be elected by the voters of the district. These directors will have the authority to regulate the purchase and sale of property and plots and in general administer the affairs of the district. The administration will be very similar to that of the present fire and sanitary districts.

The need for the district is quite apparent. At the present time the cemeteries here are far from adequate and the work of keeping them in repair is a burden on a few earnest people who have pride in keeping the cemeteries in condition. However, it is impossible for these few to continue indefinitely to carry the burden, which belongs to all the people of the region and the facilities are not in keeping with the requirements of this fast growing and progressive community.

The trivial cost of acquiring and maintaining the cemeteries will be more than offset by the benefits to be secured in providing the community with a proper graveyard. The law provides that the cost to the taxpayer shall not exceed .002 per \$100 assessed valuation and there is ample evidence that the expenditures can be kept well under this small amount.

## REV. WILLIS PASSES AT SPARKS HOME FOLLOWING MISHAP

Scores of Truckee friends of Rev. P. H. Willis, 83, dean of Nevada's pastors, were shocked to learn of his tragic death last Thursday when he fell from the roof of his home at Sparks and suffered a fractured skull. Ten years ago Rev. Willis was pastor of the Methodist Church in Truckee and has often visited here and maintained his friendships since his residence.

He was a native of Illinois, born August 22, 1863. In 1879, following the death of his father, Rev. Willis came west and the family settled in Reno.

Rev. Willis occupied pulpits in a score of small towns through western Nevada and northern California. He is survived by his widow and two sons, five grandchildren and three great grandchildren. Funeral services were held at Reno.

## The Homes Pirated After Owners Depart

TAHOE CITY—A series of robberies of summer homes around Lake Tahoe are being investigated this week, including the following which were said to be reported to authorities: The Everett Mills home, formerly the Fleischacker place; the Herbert Day home beyond Carnelian Bay, and the Sidney Ehrman place. Everything movable, from a newly delivered refrigerator to leopard skin rugs, was said to have been taken by trucks backed up to the recently vacated summer homes.

## Local Knights of Pythias Visit Amity Lodge, Reno

Chancellor Commander William M. Englehart Jr. headed a delegation of members of Summit Lodge No. 54, Knights of Pythias, to a meeting of Amity Lodge No. 8 in Reno Tuesday night. At the meeting, two local men joined a class from the Reno lodge in receiving the Knight rank. The local men are Manley O. Dibble and Maurice Hereford.

Other Truckee lodge members attending were H. C. Crawford, Charles Bandur, W. M. Englehart, Sr., E. D. Waters, Ruben Sweet, Robert Bick and Oscar Schumacher.

## Truckee PTA Meeting Set Up to November 8

The next meeting of the Truckee PTA will be held November 8, the date having been postponed because of the many Halloween parties and other functions coming on the regular meeting date. This was announced by Mrs. Irene Englehart, publicity chairman of the organization.

To San Jose—The W. R. Abercrombies, resort owners of Camp Richardson district, Lake Tahoe, plan to spend the winter at San Jose, leaving the lake this week.

## Lack of Evidence Gains Dismissal Of Kidnap Case

### Sales Returned to Lockup For Parole Violation After Hearing

Conflicting testimony in the preliminary hearing for Walter A. Sales, 33, former Truckee Southern Pacific fireman, held here Saturday resulted in a dismissal of kidnapping charges against the defendant who had been charged by Geno Giovannoni, local businessman, with forcing the latter's wife, Mary, to accompany him on an automobile trip two weeks ago.

Justice of the Peace R. N. Little dismissed the charge after District Attorney Ward Sheldon declared that due to the discrepancies in the testimony, he doubted that a conviction could be secured.

Sales was returned to the Nevada County jail for violating terms of his parole, having admitted carrying a gun and indulging in liquor. He had been discharged from the jail earlier after serving part of a 180-day sentence imposed by Justice Little when he was found guilty of threatening Mrs. Giovannoni and Lee Hudson, local roundhouse foreman, with a pistol.

Sales testified at the preliminary that Mrs. Giovannoni had agreed to accompany him on the trip and had written letters, which were introduced as evidence, supporting this contention. Mrs. Giovannoni declared in her story to the court that she was forced at the point of a gun to write the letters and that she had been threatened numerous times by the defendant.

The defendant in his testimony said that there had been intimate relations between the two for months and that he never had threatened her with the gun which he said he carried as protection against a possible assault from Giovannoni. He said that on the night of the alleged kidnapping he and Mrs. Giovannoni had an engagement to meet and go to Los Angeles and that she willingly accompanied him until they reached a point on the highway east of Colfax when she decided against the venture and leaped from the car.

Mrs. Giovannoni had charged that she was forced to accompany Sales, who kept a loaded automatic in his hand all during the trip from Truckee to Colfax. At that point she testified, Sales placed the gun in the seat between them and she seized it and flung it from the car, later escaping to return home.

The letters offered in evidence, Sales declared, were not written under threat but willingly. He also testified that during his stay in jail at Nevada City, she corresponded with him and reaffirmed her alleged desire to accompany him on the trip to Los Angeles.

Jerry Stacey, bartender in Cozzi's Cafe, was called to support Sales' testimony that the latter and Mrs. Giovannoni were on friendly terms.

## Local Woman Honored At Stork Shower Sunday

Mrs. Karl Kiehofer and Mrs. Jack Ellis were hostesses Sunday afternoon at a stork shower honoring Mrs. Clifford Ellis. The afternoon was pleasantly spent with games and refreshments concluded the affair.

## Two Bay Area Towns Seeking to Incorporate

SAN FRANCISCO—Two San Francisco Peninsula towns last week gave notice that they now have grown enough to want to incorporate. Millbrae representatives appeared before the San Mateo county board of supervisors to petition for incorporation status, and Half Moon Bay, also in San Mateo county, is taking a poll of its residents on the same subject.

More than 60 years old, Half Moon Bay seeks at least one advantage of incorporation—adding itself to the five autonomous districts which separately administer the town's fire, police, street lighting, sewer and public utilities services.

Mrs. Cabona to France—Mrs. Claire Ellert and Mrs. Rose Kiehofer spent Friday in Sacramento to wish bon voyage to Mrs. Marie Cabona, leaving by airplane the early part of the week for France where she will visit relatives she has not seen for many years.

## : Sun : Beams

By WALTER M. BARRETT

There has been considerable agitation against passage of Proposition No. 2 on the November 5th ballot, a measure to legalize dog racing in California. We have little doubt that it is being sponsored, not as a means of financing revenue for veteran benefits, although this end will certainly be accomplished by the measure's adoption, but for the purely selfish reason of introducing dog races in California for the benefit of the dog owners and gamblers. What we cannot understand is the ballyhoo against it by the same people who support and even sponsor parimutual horse racing. If one is the awful racket that is contended, why isn't the other? If the veterans are to benefit, if it will cut down some of our numerous taxes and if it will not be allowed to operate without state control, we are certainly going to vote for it. Dog racing might be fun and it's a cinch anything which will reduce taxes at this time should be welcomed.

Truckee is rapidly entering the small city class with increased building and business and nothing should be permitted to halt this progressive trend. Tuesday you, as voters of Meadow Lake Township, will be called upon to decide whether a cemetery district shall be formed for the purpose of acquiring and maintaining a cemetery suitable to the needs of this area. This is more important to the welfare of the community than it appears on the surface and we sincerely hope that you will give the matter your considered attention and vote "Yes" on the special ballot next Tuesday. The present facilities are far from adequate and under the district this can be corrected and the cost is so trivial that it cannot be considered as against the good to result. Let's keep Truckee and its outlying communities on the upturn now that such a good start has been made.

## SKI PATROL BRANCH PROPOSED AT MEET OF CLUB MONDAY

Roy Waters, at the Monday night meeting of the Truckee Outing Club, proposed that a branch of the National Ski Patrol be activated here. The project was under study by the club in 1941 at the time of the outbreak of war, when all club activity was suspended. The patrol is primarily a winter sports safety group, organized to handle search, rescue and first aid treatment in the field. Waters, a certified Red Cross first aid instructor and former U. S. Army medical corps man, will head a committee to further investigate the project.

President R. N. Little and his entire staff of officers were re-elected to the offices they held temporarily since reorganization in the spring. These include Mancel Justice and R. W. Seibold, vice presidents; Vera Clepper, secretary; Doug Barrett, treasurer, and Frank L. Titus, tournament director.

## Murray Tennis Parents Of Second Son Oct. 25

A second son was born Friday morning, October 25, to Mr. and Mrs. Murray Tennis of Truckee at St. Mary's Hospital in Reno. The new arrival has been named Stephen. Paul Tennis and is reported to be doing nicely.

## Scenic Slides Shown At At Rotary Club Meeting

Lantern slides of National Parks' summer scenes and Sierra Nevada winter scenes were shown at Monday night's Rotary Club meeting by Slim Mayberry of Donner Summit who also gave an interesting reading with local color.

Additional donations were received for the Boy Scout drive from Dee Bowen, Gerald Lewis, Clarence Osburn, Hobart Snider, Forten Wilson, Roy Feathers and Eric Gram. Visiting Rotarians were Wm. Mayhew, Roy Hjermsen and Gordon D. Mayer of Walnut Creek and Basil Kehoe of Tahoe City was a guest. Harriet Tackett was program chairman and Jack Wolert presided.

Routine Meeting—Only routine business occupied the members of the Lions Club last night. R. N. Little presided at the session.

## Important Meeting Of Sportsmen On Sunday In Truckee

### Associated Sportsmen Man Due Here to Discuss Fish Problems

Henry Cleinschmidt, of Redding, chairman of the inland fishing waters of the Associated Sportsmen, will be the guest speaker at a meeting of the Truckee Outdoor Sportsmen to be held in the banquet room of the California Cafe on Sunday, November 3, at 1 P. M., according to an announcement made by Al Bradshaw, president of the local club.

Local sportsmen are asked to attend to hear the discussion on stream improvement, bag limits and other questions vital to the future of fishing in this area. Nevada groups have also been contacted to be present at the meeting.

Any recommendations made will be sent to the Associated Sportsmen for consideration and later to the state fish and game commission.

## WITCHES RIDE AT BOX SOCIAL SET TONIGHT AT HALL

Witches riding broomsticks, caterwauling black cats, spooks and ghosts will frolic tonight amid pumpkins and corn shocks. Skeletons will come out of their closets and rattle their bones at the Community Hall-Lowen Box Social tonight (Thursday) at Capitol Hall.

Ladies are asked to bring a box lunch for two with their name inside. Luncheon will be sold at auction to the highest bidder. Gentlemen will be admitted by ticket, with coffee and Coca-Cola available at the hall.

A 25-pound turkey will be given away, a woman of mystery will tell your complete fortune by tracing the pattern in your empty coffee cup and a variety program will be presented. The program will feature Slim Mayberry in cowboy songs, a series of four skits, songs by Julietta Copanger and Laurence Martens, solos by Bobbie Jean Dolley and Austina Blattler, and dances by Ofelia Dominguez and Gertrude Waters.

The party is sponsored by local high school students to raise funds for an electric record changer for classroom instruction and everybody is welcome.

## NEW MANAGERS AT RESORT ARE FROM OTHER SIDE OF HILL

John and Ethel Stranathan, who for the past year and a half have been managing the hotel and cabins at Baxter's, have arrived here to take over the management of Truckee Resort and Sportsman, replacing George and Etta McAbee, who returned to their former home in San Jose.

The Stranathans were originally from Tucson, Arizona, where he was in business. Both are familiar with the resort business and plan to continue the high type of service introduced by the McAbees. The newcomers have two children—Jack, who is president of the senior class at the Auburn high school where he is continuing his studies, and Gary, five who is with his parents.

The new managers are retaining the excellent chef, Clifford Cosner, who will continue to preside over the kitchen at the Sportsman, and Harold Hooser, the mixologist in the cozy cocktail lounge. Added to the staff are Earl and Vera Ottinger, who will handle the cabins, yard and assist the Stranathans.

The newcomers are impressed with Truckee and the future of the region. They extend a cordial invitation to all to visit them and enjoy the atmosphere at the Sportsman. The McAbees, who were here for two years, are taking an earned vacation and will continue to reside at San Jose.

Sends Regards—Dr. E. W. Guthridge of Oakland and former resident sent his best regards to local friends via the Sierra Sun.

In Sacramento—Mr. and Mrs. H. R. Oliver have returned to Sacramento after several days visiting here.

Arrive from Idaho—Mr. and Mrs. Loren Vertner and daughter, Barbara, arrived here Tuesday from Weiser, Idaho, and will make their home here, Vertner to be employed at the quarantine station.

## Car Sheers Pole In Lake Mishap, Pair Hurt Badly

### Two Accidents on Grade Are Investigated On Saturday

TAHOE CITY—Two people were seriously injured and the electric service to Tahoe City was disrupted on Monday night as the result of an automobile accident one mile east of here on the road to Kings Beach.

Irving Dudley, 33, salesman for an automobile concern at Fresno, suffered a broken hip, fractured ribs, lacerations and possible internal injuries and his wife, Alice, 28, escaped with cuts and bruises when the new car driven by the former got out of control and, after skidding nearly 200 feet, crashed into and broke off a Sierra Pacific Company power pole.

The Dolley ambulance from Truckee rushed the injured to a Reno hospital. Dudley was cited by State Patrolmen William Gautsche and H. B. Fowler for reckless driving, it being indicated that too great speed and carelessness caused the mishap.

George Beaman, 21, student at the University of Nevada, was seriously injured Saturday morning when a car driven by Richard N. Fulstone, 22, of Smith, Nevada, got out of control going up Donner grade and overturned. Two other students from the university in the car en route to attend the St. Mary's-Nevada football game were uninjured. Patrolman Fowler investigated and the Truckee Ambulance took the injured man to a Reno hospital.

Saturday night a car driven by Edward F. Stevens, 31, Del Paso Heights, went out of control at the same spot the Nevada car overturned and was badly wrecked, although no one was hurt. Patrolmen Gautsche and M. A. Peterson investigated.

## MUCH WORK DONE, PLANNED ON SKI HILL AT TAHOE

TAHOE CITY—Floyd Carrell, Pete Ables and Carl Becholdt Jr., of the Lake Tahoe Ski Club's hill committee, announce extensive improvements of the club's winter sports grounds near the Tavern golf links have been started.

A bulldozer has been working at widening the present hill apron by 100 feet, removing rocks and trees lengthening the landing and raising the takeoff.

Carl Becholdt Sr. of Tahoe Inn, who owns land adjacent to the club's property, has agreed to remove trees from the lower end of his land and will fill in the marshy section with leveled, eliminating the soft spots which prevented use of the section at the base of the apron last season.

Charles Swanson, one of the club's oldest members, on Monday dynamited a huge stump from the side of the hill and after all work has been completed, Tahoe will possess one of the finest hills in the west. Sunday, November 3, has been set aside as work day for club members when young and old will arrive early to spend the entire day at work on the hill and grounds. In charge of labor during the past week have been Ray Fellows, Al Henry Jr., Carrell and Becholdt Jr.

A new rope will be installed on the ski tow before snow flies and numerous improvements are planned.

The Lake Tahoe club has requested February 8 and 9 for a state sanctioned meet next season, according to Secretary Marie Henry, who is awaiting word from the California Ski Association.

## Odd Fellows Will Stage Dance Thanksgiving Eve

John Blattler is chairman of the publicity committee for the Odd Fellows' Thanksgiving dance to be held at Masonic Hall on Thanksgiving eve. The lodge members are starting plans early so as to give the event wide publicity and to make elaborate plans for the occasion.

Bridge Club Meets—Mrs. W. F. Wilkie entertained her bridge club on Wednesday.

Leave Kings Beach—Mr. and Mrs. James F. Quinn, former Truckee residents, have closed their cottages at Kings Beach for the winter and have returned to their home in Mill Valley where Quinn is in business.

## General Election Interest Centers In County Posts

### Hoskins Challenges Sheriff As Snell, Stoll Vie for Judge's Job

On Tuesday, November 5, the voters of this district will join millions all over the nation in the first peacetime general election, since 1940. Beside balloting on state officials and propositions, voters in the Truckee district will vote for their choice for two Nevada County officers and on the formation of a Truckee Cemetery District.

In the only contest in all of Placer County, C. W. Vernon of Tahoe City and Tom Doherty of Kings Beach are candidates for justice of the peace of Township 11, embracing the Lake Tahoe area of the county. Both were nominees as write-ins in the June primary.

Richard (Dick) Hoskins is being opposed by Carl J. Toblissen, incumbent, in the race for sheriff of Nevada County. The two were rivals in 1942 when Hoskins narrowly missed unseating the sheriff. With the retirement of Superior Judge George E. Jones, Vernon Stoll of Grass Valley and James Snell of Nevada City are the rivals, aspirants for that post.

Only three major state contests are up for the election. U. S. Senator William F. Knowland, Republican, is being opposed for retention by Will Rogers, Jr., southern California newspaperman and former congressman. Fred Howser, district attorney of Los Angeles county, is the Republican nominee for attorney general against Edmund G. Brown, San Francisco district attorney and Democratic choice. Superior Judge Goodwin Knight, endorsed by the Republicans and Governor Warren, is seeking to become lieutenant governor and is contested by State Senator Jack Shelley, San Francisco labor leader and Democratic choice.

There are several little or uncontested state, legislative and judicial nominees on the ballot as well as 17 proposals to change the state law. These are:

Proposition No. 1 authorizes \$100 million of state bonds for farm and home loans to veterans; No. 2 would permit greyhound racing in California; No. 3 would freeze into the constitution a minimum teacher salary of \$2,400 per year and increase school costs \$100,000,000 biennially; No. 4 would expand veterans' loans to the acquisition of any business, land, equipment, etc.

Proposition No. 5 creates a court of tax appeals; No. 6 proposes annual session of the legislature and annual state budgets; No. 7, 8 and 9 make technical changes in the school code; No. 10 permits the legislature to increase the governor's salary; No. 11, the FEPC, would make it illegal for an employer to refuse to hire anyone because of race, religion or color and sets up a commission with power to settle disputes which shall not be bound by the common law or statutory rules of evidence; Proposition 12 empowers the legislature to submit to the people amendments to or repeal of initiatives; No. 13 simplifies accounting of the state school funds; No. 14 clarifies the succession to the governorship; No. 15 validates amendments to the alien land law; No. 16 repeals an obsolete poll tax; No. 17 changes the name of the State Railroad Commission to the State Public Utilities Commission and provides for senate ratification of nominees thereto.

Christmas Tree Cutters  
Busy in Tahoe District  
TAHOE CITY—Christmas tree cutting has been under way for some time in the Tahoe area and Bud Jones and A. M. Anderson, who are cutting in the Barker Pass district, have been taking out around 100 trees daily, with a total of more than 1,000 already cut for market. Ben Callender is another tree merchant who has been busy getting out trees for several weeks now from the back country of Carnelian Bay, his harvest to run to 1,000 or more trees before snow flies.

## Follett Boost Effective With Bank November 1

L. M. Giannini, president of the Bank of America, has announced the promotion and transfer of Marion O. Follett, institution employee here. Heretofore pro-assistant cashier and chief clerk at the Truckee branch, Follett will assume the duties of assistant cashier at Colfax effective November 1.

Born at Truckee, where he gained early schooling, Follett began his career with the bank here as a bookkeeper. He has since served in various utility capacities throughout the northern part of the state, including five years at the Westwood branch, first being promoted to officership there. He has been employed at the Truckee branch of the bank since his recent return from service with the Navy.

## On Business— Mr. and Mrs. T. A. Johnson are in Sacramento on business.

**National Forest Rescinds  
Fire Season Regulations**

NEVADA CITY— Forest Supervisor Guerdon Ellis of the Tahoe National Forest officially announces the end of the critical fire season in the Forest. Recent rains have reduced the fire danger to such an extent that the fire closures and restrictions invoked earlier in the year on National Forest lands are now lifted.

Those restrictions which were imposed under Federal Regulation T-1, and which are now rescinded are paragraphs:

E— Requiring campfire permits before building campfires on the National Forest.

H— Prohibiting smoking except at designated places.

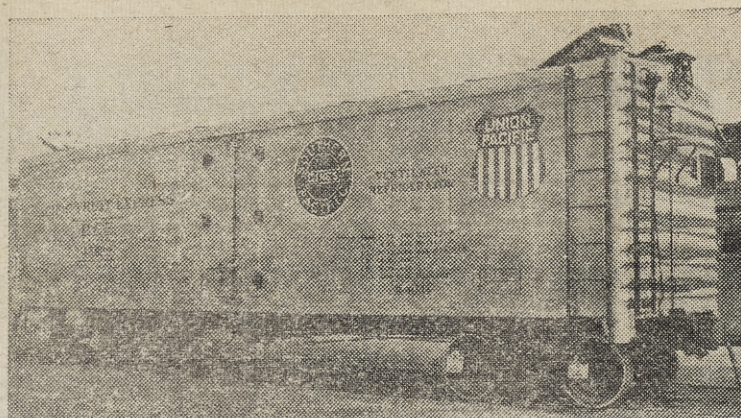

M— Prohibiting the throwing of any ignited substance where it might start a fire, and the discharge of fireworks.

O— Prohibiting possession and use of tracer or incendiary bullets on National Forest lands.

Supervisor Ellis cautions that the specific acts listed in the Federal closures now rescinded applies only to government owned lands within the Tahoe National Forest and in no way affects the California State Fire Laws which will remain in force until December 1 and apply to all state owned and private lands in this area.

Permits are still required under state law to burn debris and logging slash and such permits must be secured from State Division of Forestry or forest officials having jurisdiction.

**P.F.E. To Test Aluminum Car**

Completion of an experimental aluminum refrigerator car built in the shops of the Pacific Fruit Express Company, is announced by P.F.E.'s joint owners, Southern Pacific and Union Pacific railroads. It will be tested with loads of perishable crops to determine its practicability and endurance under severest of conditions. The car weighs about five tons less than prewar refrigerator cars, although retaining standard dimensions and steel load-bearing parts.

**Many Seek 3-Week Term  
In U. S. Senate**

by DOUG BARRETT

In California, the term of an appointed U. S. Senator ends the day his successor is chosen by the electorate. The winner of the November 5th election will be certified on or about December 10. The incumbent, William F. Knowland, and Will Rogers Jr. are contending for the full senate term which does not begin until January 3, 1947. The brief

period between the end of Knowland's present term and the beginning of the next full term is known as a "short term". Since there is no scheduled session of Congress in that time, the term is of no great political consequence and, although space is provided on the general election ballot, no one has filed for the term and, although space is provided on the general election ballot, no one has filed for the term and the seat will be filled by write-in votes.

In the past fortnight, our mail bag has contained several announcements by candidates who would like to be called "Senator" by virtue of the short term. Of all of them, I personally like Vic Paulsen, 37-year-old San Francisco radio announcer, because of his honest "do nothing" platform.

Says Paulsen, "All my life I have wanted to visit Washington and this is my opportunity. If enough voters write in my name to elect me to the short term, we'll get my sister-in-law to take care of the kids and the wife and I will enjoy a nice little three-week tour of Washington with all expenses paid."

The candidate's platform contains no issues at all. He points out since Congress wouldn't be in session, he wouldn't be able to settle any issues, anyway and thought he should be honest about it.

As a politically independent journal, we seek to present all sides fairly to our readers to judge according to their own lights. Others who have made their desire to fill the short term known include:

Rufus J. Clark, 85, of Campo, who is a candidate in order to promote the cause of books he has written for world-wide distribution. Clark said he has written two books and

wants to send copies to "every person in every nation, tribe, tongue and people in the world."

Bartley C. Crum, 1936 Wilkie for President campaigner and U. S. member of the Anglo-American Palestine Committee, is conducting a campaign to "draft" Bartley F. Peart, San Francisco attorney, pear grower and philosopher, for the post. Peart himself is not seeking the job but Crum advocates his election. "as a reward for a distinguished career of public service."

The Citizens' Committee for Old Age Pensions is advancing the cause of its chairman, George H. McLain of Los Angeles, for the short term. McLain is best known for his sponsoring Section 2035 of the State Welfare Code, which enabled the state to increase old age pensions to \$55 under the recent federal grant.

As a replacement for war-scarce copper, 1,094,278,670 zinc plated steel pennies were minted in 1943. They were discontinued after one year.

## SUMMIT SCENE

by FRANCES COUILLARD

A special meeting of the school board of the Donner Trail School District was held on Monday evening. Al Bequette, incoming superintendent of Placer County Schools, attended the meeting and gave the interesting community folk further instruction as to the securing of a bond issue to raise the necessary funds for the new building. The first part of the board meeting was an executive session held by the board members and then the meeting was thrown open to the district. Mrs. Gordon Hooley, clerk of the school board, presided at the joint meeting of the Donner Community Club and the school board. Information gleaned at the school board session will be passed on to the members of the Donner Community Club at their next meeting Friday evening, to be held at Vanderford's.

Sheer, stark drama was enacted throughout the area on Monday last. The Christmas tree cutter, working

for the Norboe Enterprises, whose disappearance has gained state-wide publicity, was running amuck among the pines which he was recently hired to amputate for commercial purposes. A man answering the description of the lost cutter entered Frank Martinez' cabin in the tunnel section of Norden obsessed with an idea of brutal pursuit. As the cutter had been given up for lost, after days of painstaking search by sheriff posse, airplane, and the remaining gang of Christmas tree cutters, Martinez did not realize that the stranger might be the lost cutter. After Martinez assured the visitor that he was not being followed, the cutter was observed fleeing eastward up the tracks screaming "Help!" Bill and Marie Strickland heard the commotion sometime later and notified officers of Truckee but by the time they arrived, the man had again disappeared. He was seen boarding a westbound freight and the Soda Springs Hotel, where members of the various searching parties were congregated, was notified. Bertha Benham in charge at the time got in her car and followed the freight westward hoping to identify the sought-for passenger. She drove clear to Roseville but somewhere between the Summit and Roseville, the wary cutter has jumped the freight. At this writing he has not been apprehended.

Small Frank Bartosh, well known Ciscoite, was also lost last week. Frank decided to take a fishing trip to French Lakes. After making a wonderful catch, he heard a train, the sound of which was, according to his bearings, on "the wrong side of him." Frank deposited his catch in a safe place and started to wend his way back to civilization. Years of hunting and fishing in this area proved advantageous, however, and Frank found his way home. The next day he hiked 20 miles to redeem his catch. We saw some of the beautiful trout and it is small wonder that Frank became confused in his excitement. Nevertheless, we admire the little fellow who is in his seventies!

Miss Barbara Burke, the school marm at Norden, sent out a great number of invitations to a Halloween party for Thursday evening to be held at the snowshed school house. This is Barbara's first school — and Barbara's first school program. She is in a tizzel and we don't know who has the stage jitters worse, Barbara or the kids. The invitations were quite novel, being stenciled and inscribed on paper toweling.

And then comes Donner Summit Lodge's Halloween party. Hope we don't have to bob for apples at either of these fetes for with the temperature around 14 and 16 in the AM, it will be kind of tough on the customers to break the ice with their faces!

Little Kit Schull cut his leg pretty badly at the school play yard last Monday. Barbara Burke, the teacher, had to dismiss school while she took the injured child home as there is no phone in our school house.

And then to cut back to the Halloween pranks! We, Art and I, would like to know who took our car while we were at the Truckee Palace of Entertainment on Sunday eve and hid it in the alley. We came out of the theater in a perfectly good mood to climb into our chariot and wend our way back up the hill — and no car! We dashed madly into Sarge's to phone the highway patrol and report our loss. Somehow, my womanly intuition told me that the car was not far away. Perhaps it was the calm way in which Sarge took the catastrophe — the usually, excitable, circle-chasing Sarge. While Art was answering the usual questions and giving a description of our torn upholstered buggy, I took a little walk and found the missing wagon in the alley. Anyhow, we got in and that are but merely dreams when we came home, and were chased by the keep occupied.

## TAHOE BRIEFS

The level of Lake Tahoe on Monday morning stood at 6227.15 with 302 CSF of water leaving the gates in town. Coldest day of the past week was on the 28th with 21 registered and warmest was on the 25th with 62 degrees. Precipitation for the week was .22 of an inch with light snow on Monday.

Mrs. Ida Martin and son, Stanley Jr., spent the weekend visiting at the home of Mrs. May Forsythe, Martin's aunt, in Reno, while Stan and hunting companions bagged their limits in ducks at the Canvas Back Club in Fallon. Others who came home with limits to Tahoe were Fred Main, Carl Bechdolt Jr. and Allan Pollitt.

Mrs. Martin's parents, Mr. and Mrs. George Keith, former residents of Reno, have sold their home there and purchased a small ranch near the Canadian border at Bonner's Ferry, Idaho. They left in October and made a leisurely trip to their new abode, which they appear to be greatly enjoying.

Mrs. Ida Simmonds has returned home from her two week vacation spent at the home of her son and family, Mr. and Mrs. Arthur Frodenberg of Palm Springs. She enjoyed her first plane ride, having flown to the southern city, and hopes to make all future expeditions by air. She reports having talked with Norman Mayfield, whose wife Ruth has been visiting in Sacramento where her recently injured hand is showing improvement due to electrical treatments and massage.

Little Larry Mandeville, 17-month-old son of the Walter Mandevilles of Lake Forest, returned to his Tahoe home on Monday last, following a skin grafting operation, on his left hand in a Reno hospital. The operation proved a complete success, although he must keep it bandaged for another five days and wear a mitt at night for some time.

Willie Arnold of Chambers was one of the last locals to get his buck, but it was a nice three-pointer weighing 160 pounds shot in Nevada.

The regular monthly meeting of the Women's Club of Tahoe will be held on Thursday, November 7, at Community Hall and all members are urged to attend.

E. H. Poin of Tahoe Park brought back the limit of ducks shot at his Tule Goose Gun Club near Gridley over the weekend.

patrol boys who thought they had found the thieves. We'll find out!

Bill and Rita Vail (the former Rita Manders) have purchased the garage, service station and lunch room adjacent to the Soda Springs Hotel. They expect to lease the lunch room and so Soda Springs (Sody Summit) is to have a new hot dog concession.

All the ski instructors are migrating to the Mountain area again, with a wistful look in their eye. Gratz Powers, well known and fully, cannot be with us this winter due to a bum back. Gratz is running a photographic studio in Pittsburgh. Seems to be doing fine! Heard from Phil Montgomery too, Phil seems to have a look in on the mountain, and may be back. We think Phil colorful and amusing and a wonderful showman on the boards. Eddie Aro may go to Yosemite but isn't sure.

We have a Snow Derby Pool in the area. Have to guess the day and hour that the first heavy snow falls hits the district. It looks so successful, the pool we mean, that we may start another to guess the time said snow leaves. Oh well, anything to relieve the monotony now that we cannot have a barbecue or a party every night. This between seasons jitters can develop a lot of ideas that are but merely dreams when we keep occupied.

**Worst Rail Disaster**  
The most serious railroad wreck occurred on Dec. 24, 1933, near Paris, France, when 160 persons were killed and more than 300 injured.

Jeanette Franco left the first of the week for Hollister where she will visit Jackie Kincaid and continue on to southern California for a vacation.

### Shirley Ables Will Wed Ray Prusso Tomorrow In Long Beach Chapel

TAHOE CITY— The many local friends of Miss Shirley Ables, daughter of Mrs. Ruth Ables of Tahoe, and Ray Prusso, eldest son of the Everett Prussos of Long Beach, learned the wedding date of the couple has been set for Friday, November 1. The ceremony will be held in the evening in the presence of relatives at the Normandie Wedding Chapel, Long Beach. The bride will wear a long, white taffeta gown, made with puff sleeves and a sweetheart neckline. A finger-tip veil will be held in place by a pearl-studded Juliet cap and she will carry a lace-fringed French bouquet. Miss Bette Wheat of Tahoe, the bride's maid will have a gown of watermelon colored taffeta. James Worden of San Leandro and Tahoe will act as best man. Following the wedding service, the couple will leave for a honeymoon of unrevealed destination. The will later be at home to their friends in the Anglade Apartments at Tahoe until December. Prusso has enrolled in an arts and craft school at Oakland and they will leave for the bay district for the winter to complete his commercial art course. The sincere congratulations and much happiness is the wish of their friends in this community.

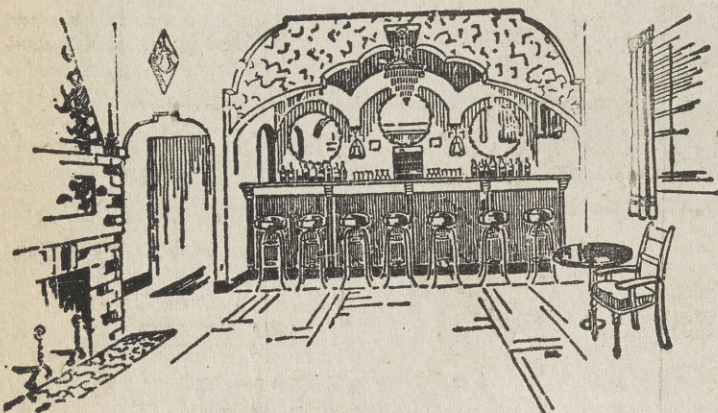

### Tahoe Ski Club's Dance In Hallowe'en Motif Is Pronounced Success

TAHOE CITY— The Hallowe'en dance sponsored by the Lake Tahoe Ski Club in Community hall on Saturday night was a huge success, according to Chairman Mrs. Jean Herry. The money raised will be used by club members on the work now being done on the ski hill above the golf links near town. The hall was gaily decorated in black and orange, with a huge orange crepe paper pumpkin holding the colorful balloons, released during the dancing. Music was furnished by the electric panatrophe. Dances included old fashioned square dances and moderns, the opening number being a grand march and Paul Jones. Winners of the waltz contest were Mr. and Mrs. Norman Hughes of Tahoma, with Alberta Pollitt and James Frazier taking top honors in the jitterbug. The balloon dance was won by Mrs. Marie Henry and James Easton. Members who assisted Mrs. Henry in staging the affair included Miss Bette Wheat, Ray Frazier, Mrs. Michael Korich, Carl Wheat, Mrs. Beulah Carnell, Charles Henrikson, Al Henry Jr. and the Misses Eunice Duffee, Shirley Ables and Kathleen Starratt. The committee wishes to express sincere appreciation to all who made the dance so successful. So popular was the affair that requests were voiced on all sides for another in the near future.

Mr. and Mrs. James Frazier and their now home in Lake Forest at daughter Linda have moved into the rear of the Ray Fraziers.

## RE-ELECT

# CARL TOBIASSEN

## SHERIFF OF NEVADA COUNTY

General Election:  
Tuesday, November 5, 1946

## On the Basis of a Job Well Done

In full sympathy with the problems of Truckee and Eastern Nevada County — Has tried always to improve conditions in Law Enforcement here by modernizing the Truckee Jail and insisting on the appointment of a **FULL-TIME DEPUTY SHERIFF** to assist local officers in Law Enforcement.

We are now witnessing, as we do after every war, a marked increase in crime — adult as well as juvenile — and it is more important than ever that we keep experienced law enforcement officers. As Sheriff, Tobiasen has organized and maintains an efficient staff and organization capable of meeting this problem.

During his tenure, he has not confined his efforts to crime detection and punishment, but equally to crime prevention. He organized the Nevada County Peace Officers Association and has actively supported the Churches of his County and such wholesome youth organizations as the Boy Scouts, Cub Scouts, the 4H Clubs and competitive athletic contests of all kinds which help make fine citizens of fine youngsters.

His service and success in office has been recognized and rewarded during the past year by his election as President of the California State Sheriffs Association, for a term which does not expire until March next year. It is seldom that a county of this size is so honored and the first time that any Nevada County officer has been elected to an executive position in the State Association.

The Sheriff is at the prime of life, a property owner and a family man—the proud father of six children. His two oldest boys served in the Armed Forces during World War II and Carl, Jr., gave his life for his country in the Battle of Okinawa.

Sheriff Tobiasen declares, "Upon my past record as your sheriff for 12 years and my life among you as friend, neighbor and citizen, I invite your support and if re-elected your sheriff, I promise to continue an efficient administration of the office."

### Congressman Seeking '48 Gold Rush Stamp

WASHINGTON—The Post Office Department has reassured Rep. Clair Engle that a thorough study will be made of a proposal to issue a special postage stamp to commemorate the 100th anniversary of the discovery of gold in 1848 at Coloma.

The congressman, who presented the proposal to the department several months ago, said many state-

wide organizations have joined forces to help push the plan through. It is advocated that the stamp be issued in January, 1948, and the place of issue, Coloma, El Dorado County.

Post Office officials told Engle a final decision probably would not be made until the fall of 1947.

**Trout Fly Inventor**  
Tom Bosworth, coachman for British sovereigns, is credited with creation of one of the most successful trout flies—the coachman.

### U. of N. Homecoming Planned for Weekend

RENO—Return of University of Nevada alumni to the annual homecoming celebration on a scale topping even pre-war years is expected November 1 and 2 when graduates and former students from all directions will converge on the campus for the week-end festivities.

More than 2,000 invitations were mailed by the student homecoming committee, and sorority and fraternity houses, already filled to capacity with students, are making plans for luncheons, open house, dinners and parties to welcome back alumni. Elaborate motifs for floats and house decorations insure a properly festive air.

New this year will be a reception for all alumni at the home of Dr. and Mrs. John O. Moseley, president of the university, to be held Saturday afternoon at 12:30 before the football game.

John Chism, graduate of the class of 1934, and now president of the alumni association, will be the featured speaker at the rally and bonfire, traditional homecoming pre-game events.

Following the precedent of other years, the Phi Sigma Kappa street dance on Thursday evening will be the opening feature of the official celebration, with the rally, bonfire and Wolves' frolic top events on the Friday program. Back this year is the women's kick chorus which for years has opened and closed every frolic.

Saturday, November 2, will present a succession of events planned by university students for the enjoyment of the alumni. The annual cross-country race from Sparks, a war

casualty during the years when men were a scarce commodity on the campus, promises to be a stiff contest with about 40 entries lined up from the various fraternity and independent groups.

In chronological order on Saturday come the Homecoming parade, the alumni reception at the home of Dr. Moseley, and the football game on Mackay Field between the University of Nevada and Montana State, with the kickoff set for 2:15.

The alumni banquet Saturday at 8 PM, will be held at the Dutch Gardner, this year with John Benson in charge of arrangements. There will be no scheduled speeches, but Dr. Moseley will extend official greetings to alumni. New alumni officers will be announced at the banquet.

Final event of the day and week-end will be the Homecoming dance, to be held this year in the University gymnasium with Jan Savitt's nationally known band to furnish the music. With the return of the men to the campus, the Aggie Club is again in charge of the dance, at which the Homecoming Sweetheart, a freshman girl chosen by popular vote of campus men, will be officially presented.

### Two Groups Ask For County Radio Permit

NEVADA CITY—The Federal Communications Commission is this week conducting hearing on two applications for a 250 watt, 1400 kc standard broadcast radio station in the Grass Valley-Nevada City area. The two applicants are the 49er Broadcasting company, composed of Nevada County businessmen, and the Town Talk Broadcasting Company, with ownership in southern California.

### Placer School's Get \$343,673

Placer county's elementary schools will receive \$343,673 from the state for the 1946-47 school year, based on an average daily attendance of 3,652 pupils.

### Summit Couple Wed

Among those receiving marriage licenses in Reno last week were Robt. N. Gladding, 35, and Ethel Johnson, 40, both of Soda Springs, California.

### Let's Make It a TEAM!

**ELECT**  
**JUDGE GOODWIN J. KNIGHT**  
**LIEUTENANT GOVERNOR**

California needs men in government who can pull together in harness, to build a better California, free of feuds and factionalism.

For freedom from political pressure groups and harmony in State government—

**Vote for Knight!**

### HERE IS A JOB THAT GUARANTEES YOU SUCCESS

Now! Men as young as 17 years can enter a good paying job with a positive assurance of complete success—PLUS opportunity for travel, training in a trade or skill, education, security and retirement at the end of 20 or 30 years.

Few other occupations can offer so many advantages for a successful lifetime career as enlistment in the New United States Army.

**WHAT DO YOU WANT OUT OF LIFE?**  
Good Pay?—It's yours in the Army!  
Travel?—That's arranged too!  
Education?—Under the finest technicians in the world!

Security?—A new retirement plan under the increased Army pay schedule insures you an excellent monthly income at retirement—up to \$185. per month!

If you have a Military Occupational Specialty (MOS) you may be enlisted in a grade appropriate to your training and experience. This also applies to former members of the Navy, Marine Corps or Coast Guard.

Yes! All the things that men strive for during their lifetimes can be yours simply by enlisting in the New U. S. Army.

You must, however, be able to qualify under the new Army regulations. You'd better go in to your nearest local Army recruiting office right away and see if you are eligible for one of these "security for life" positions.

U. S. Army Recruiting Station  
Post Office Bldg. Reno, Nev.

General Election: Tues., Nov. 5, 1946

## ELECTION PROCLAMATION

### EXECUTIVE DEPARTMENT

State of California

I, EARL WARREN, Governor of the State of California, do hereby proclaim that a General Election will be held throughout this State on Tuesday, the fifth day of November, 1946, at which the following offices are to be filled:

GOVERNOR;  
LIEUTENANT GOVERNOR;  
SECRETARY OF STATE;  
CONTROLLER;  
TREASURER;  
ATTORNEY GENERAL;  
MEMBERS OF THE STATE BOARD OF EQUALIZATION from each of the four equalization districts of the State;  
ONE UNITED STATES SENATOR (Full Term);  
ONE UNITED STATES SENATOR (Short Term, Ending January 3, 1947);

REPRESENTATIVES TO THE CONGRESS OF THE UNITED STATES from each of the twenty-three congressional districts of the State;

STATE SENATORS from each of the following twenty senatorial districts of the State: Second, Fourth, Sixth, Eighth, Tenth, Twelfth, Fourteenth, Sixteenth, Eighteenth, Twentieth, Twenty-second, Twenty-fourth, Twenty-sixth, Twenty-eighth, Thirtieth, Thirty-second, Thirty-fourth, Thirty-sixth, Thirty-eighth, Fortieth;

MEMBERS OF THE ASSEMBLY from each of the eighty assembly districts of the State;

THREE ASSOCIATE JUSTICES OF THE SUPREME COURT for the terms prescribed by law;

ONE PRESIDING JUSTICE, DISTRICT COURT OF APPEAL, FIRST APPELLATE DISTRICT, DIVISION ONE, for the term prescribed by law;

TWO ASSOCIATE JUSTICES, DISTRICT COURT OF APPEAL, FIRST APPELLATE DISTRICT, DIVISION TWO, for the term prescribed by law;

ONE ASSOCIATE JUSTICE, DISTRICT COURT OF APPEAL, SECOND APPELLATE DISTRICT, DIVISION ONE, for the term prescribed by law;

ONE ASSOCIATE JUSTICE, DISTRICT COURT OF APPEAL, SECOND APPELLATE DISTRICT, DIVISION TWO, for the term prescribed by law;

ONE ASSOCIATE JUSTICE, DISTRICT COURT OF APPEAL, THIRD APPELLATE DISTRICT, for the term prescribed by law;

ONE ASSOCIATE JUSTICE, DISTRICT COURT OF APPEAL, FOURTH APPELLATE DISTRICT, for the term prescribed by law;

JUDGES OF THE SUPERIOR COURT in each of the following respective counties of the State, the number of Judges to be elected and the term thereof being as follows:

NEVADA—One (Full Term);  
SAN BERNARDINO—One, Office No. 3 (Full Term);

RIVERSIDE—One (Full Term);  
Also, such other State, county, township, district, or other offices as are provided by law to be filled at such election.

I further proclaim that at such election there will also be submitted to the vote of the electors such proposed constitutional amendments, questions, propositions, and initiative measures as are required to be so submitted by the Constitution and laws of this State.

And I do hereby offer a reward of One Hundred Dollars (\$100) for the arrest and conviction of any person who violates any of the provisions of Division 14 of the Election code, the rewards to be paid until the total amount hereafter expended for the purpose reaches the sum of Ten Thousand Dollars.

IN WITNESS WHEREOF, I hereunto set my hand and affix the Great Seal of the State of California this twenty-eighth day of September, 1946. (SEAL)

EARL WARREN,  
Governor of California.  
Attest:

FRANK M. JORDAN,  
Secretary of State.

In accordance with the foregoing Proclamation, Notice is hereby further given that Candidates for the following County and Township Offices will be voted upon:

Sheriff of Nevada County,  
Constable of Nevada Township.

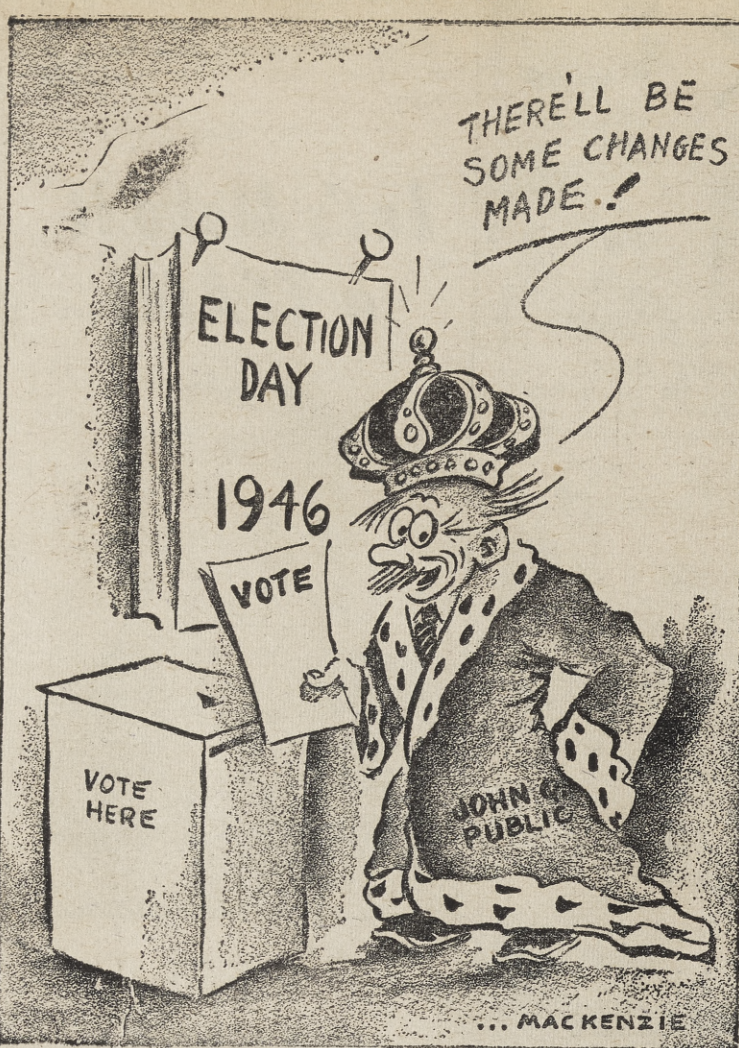

And that at said Election the Polls will be open at the hour of Seven o'clock A.M. and will remain open until Seven o'clock in the afternoon of the same day (November 5th, 1946), and that during said hours the Election will be held at the legally designated polling places in each precinct in said Nevada County, as heretofore designated by the Board of Supervisors, and the following named persons have been legally appointed to serve as Election Officers in their respective precincts as follows:

**SUPERVISORIAL DISTRICT NO. 1**  
Nevada City No. 1 Precinct

Polling Place—Cartoselli Building, Sacramento Street.  
Inspector—Fred Tredennick.

Judges—Edna Martine and Mary Hoskins.

### KING FOR A DAY

Clerks—Alma Marsh, Sadie Anglini and Minnie Young.

### Nevada City to Truckee Drive Via Downieville Rich In Autumn Colors

NEVADA CITY—These are the golden days of fall in the North Fork of the Yuba River Canyon on the Downieville District of the Tahoe National Forest, according to District Ranger Frank B. Delaney. The mountains and canyons along the Yuba River State Highway No. 49, near the old mining towns of Downieville and Sierra City, and east, up through the beautiful Sierra Buttes Recreational Area, across the Yuba Summit Pass to Sierra Valley, are clothed in a riot of glorious autumn color—brilliant yellows, reds and gold.

Delaney suggests to the friends of the Forest, to the color movie and camera fan, a weekend motor trip up through the Yuba River Canyon, over the Yuba Pass to Sierra Valley then east to Truckee and back over Highway 40 to see this incomparable fall color. See the brilliant red of the dogwoods, the subtle beauty of the canyon maples and oaks, and see the aspens shirring gold against the dark firs and pines.

### Georgetown Nimrod Is Drowned Near Tahoe

PLACERVILLE—Al Sabin, Georgetown, was drowned in a marsh bordering Lake Tahoe while hunting ducks on the first day of the season. Sheriff Lowell West said Sabin had hot a duck and was attempting to retrieve it when he was drowned. The accident occurred at the southwest end of the lake in the Tahoe Valley district.

### Most Cars on Highways Of State Need Repairing

SACRAMENTO, Oct. 31 —(UP)—The state department of motor vehicles reveals that a majority of the cars driven by California motorists are between eight and nine years old and in most cases were badly in need of repair. Other estimates by the department show that 75 per cent of the automobiles in use are being used by owners in their business.

## How to Vote for Better Schools

(Clip This Ballot and Take It to the Polls With You)

**PROPOSITION 3—"The Better Schools Measure."**  
Provides a fair minimum living wage—\$2400 annually—for California school teachers. **VOTE YES!**

**PROPOSITION 7—Provides for election rather than appointment of County Board of Education members in charter counties.** **VOTE YES!**

**PROPOSITION 8—Establishes qualifications for county superintendents of schools.** **VOTE YES!**

**PROPOSITION 9—Provides for appointment of one new deputy superintendent of public instruction and three associate superintendents by State Board of Education.** **VOTE YES!**

**PROPOSITION 13—It will be an unlucky day for California's system of public education if Proposition 13 passes. Proposition 13 would starve California's schools, intensify the teacher shortage, and throw the increasing burden of school expenses on taxpayers in local school districts.** **VOTE NO!**

**PROPOSITION 3 is the key measure on which the future of our schools depends. Above all, vote "YES" on 3!**

### Snell, Judge Candidate, Is Widely Respected As Fair and Fearless

Basing his campaign on his complete knowledge of the affairs of the office he seeks, James Snell this week was visiting in the eastern end of the county in behalf of his candidacy for judge of the Nevada County Superior Court.

Snell is a self-made man and has worked his way up from a humble beginning to become one of the foremost authorities on law in the county. He worked as a young man in the mines and timber of Nevada County and studied law at night to gain a complete education.

He is a graduate of the Nevada City High School and has lived in the county for more than 50 years. He was admitted to practice law in 1909 and since then has served more than eight years as a successful public prosecutor and district attorney. Recently he has represented the labor interests in the western end of the

### Former DA, Civic Leader Is Aspirant for Position As County Court Judge

With a background of experience and a thorough knowledge of the duties of the office, Vernon Stoll, former Nevada County district attorney and practicing lawyer for many years, is this week closing his campaign in his candidacy for judge of the superior court.

The election on November 5 will qualify a man to office for six years as judge and Stoll declares his ability to serve well and fairly.

"Be assured, that if elected, all my efforts will be directed toward bringing the highest honor and credit to this office," Stoll said. "A candidate for judge has little but that to promise to the electorate. Lower taxes or higher wages are not in his power to give. If elected, and if, as judge, my record warrants your support you shall have many years of my services."

Stoll has given much time to community affairs, including his chamber of commerce, Salvation Army, Boy Scouts, War Chest, Lions Club and other organizations. He is well known in Truckee where he often visits with his many friends.

Stoll was born at Red Bluff in 1906 and graduated from University of California law school in 1927, following which we worked for a time for the Pacific Gas & Electric Company before entering the practice of law in Grass Valley in 1929. In 1935 he was elected district attorney and served through 1942.

"In my opinion, a strong sense of justice, and an understanding of human nature is required for the office," Stoll says. "A judge should preside with dignity, fairness and complete subjugation of his personal feelings, and his judgments must not reflect the influence of friendships or enemies."

county and has avoided all labor entanglements as counsel for the workers.

He has given generously of his time in the interests of his community and county having served on the school board, planning commission and in other non-paying capacities. He has well earned the respect and confidence of the judges and other lawyers of the state with his fairness and fearlessness in practice.

"I shall deem it a privilege to serve as superior judge," Stoll declares. "None can question my ability nor my knowledge of law. If elected it shall be my desire and purpose to weigh every matter with the utmost care and I shall exert every effort to fulfill the obligations which the office entails."

### Interest Is Growing In Sunday School at Lake

TAHOE CITY— Mr. and Mrs. Gerald Waters report Sunday school attendance at Community Hall in Tahoe City continues good, with 22 present on Sunday last and two new members joining. All are welcome at the 10 AM services.

The Tahoe Choral Group is making excellent progress in their study of the Christmas cantata they plan to stage at holiday season here. Presentation of Chimes of the Holy Night will be given at that time and to date 12 of the 13 selections have been practiced. All residents are welcome to attend the sessions every Wednesday night in Community hall at 8:00 PM.

### Former Tahoe Girl Is Mother in Washington

TAHOE CITY— A baby daughter was born Sunday, October 27, in Tacoma, Washington, to Mr. and Mrs. George Myers. The mother is the former Marilyn Hinkle of Tahoe. The couple also have a 15-month-old daughter, Pamela. The newcomer weighed over five pounds at birth.

The City of Paso Robles in San Luis Obispo County was incorporated March 11, 1889.

## Tahoe Letter

From SWANEE

Tahoe City, California,  
October 27th, 1946

Dear Tahoeites:

Another Sunday draws to a close, and although the sun still shines, we all anticipated snow during the past few days. The barometer dropped almost four points, but nothing more than a little wind appeared, much to our relief. Autumn is enjoying her last proud, waning fling of glory, as already many of the trees stand leafless, stripped of their flaming splendor. The late rains and snows came at just the wrong time, spoiling the leaves that had already begun to turn. Ward and Blackwood Creeks still remain an inspiring sight, but it will be only a little while now before they stand bare.

Traffic has fallen terrifically and now the highways, except during the weekends, are quiet and almost carless. Sundays still find the vacationing visitor admiring the big trout at the Tahoe City dam, but no boats are heard riding the crest of the lake and few fishermen are seen about. The fishing season closes on October 31 and these past few weeks have brought forth no stories of outstanding fishing successes. Game Warden Bill LaMarr reported earlier in the year that he believed more mackinaw had been taken from the

lake this season than any other season he could remember, yet the record does not, upon recalling it, appear unusual. Many wonderful trout were caught but they seem each year a little harder to entice onto the hooks. Maybe our fish are getting smart!

The new highways which Tahoe now boasts, north of Tahoe City and between Deer Park and Robber's Roost, are a real pleasure to drive over these fall days. Here's hoping the snow and plows won't damage them before spring arrives in '47. It will be grand when the state can afford to renovate all the local highways around the lake, or maybe install that four-way highway some day that we've heard whispered so much about between Tahoe and Truckee. In the meanwhile, we are all so grateful for what has been accomplished this summer.

Mr. and Mrs. Roy Stark of the Dollar estate have returned from a two weeks vacation spent in Riverside, where they visited with their son Harold. Mrs. Stark received a real thrill when he took her for a ride in his Piper Cub plane—he's holding a pilot's license. The Starks also visited during their stay in the southland her brother, Sim Brown and wife, former Tahoe residents now residing in Pomona. They plan to visit with the Starks at Tahoe within a few weeks. The Starks proudly drove home a new maroon Mercury sedan, which they have had on order for almost a year with a San Francisco agency. Their son Bob writes home that he likes his studies in Navy radio signal corps more and more as time goes on. He has been stationed for some months at Newfoundland, where the weather is beginning to turn wintry. His only regret is that he will miss Christmas this year at Tahoe with his family the first time he will have been absent from the Yule feast. Should any Tahoe friends desire to send him a Christmas box, I'll be glad to pass his address along.

The Ben Callenders have frequent letters from son Billie who is now stationed with the Navy at Jacksonville, Florida. He describes the scenery as delightful and tells of frequent swimming sessions and participation in football. The barracks are very elegant and comfortable and well furnished and the eats are good. He is now in the midst of his general training course which is giving him a bit of everything. When this is completed and decides just what branch he wants to follow he will be sent to the school which specializes in that particular subject. He is now trying to determine whether it will be aerial photography or whether he will become an aviation electronic technician. In the meantime, his mom is able to walk about and perform her household duties although that recently injured ankle still pains when used for too long at a time.

Mr. and Mrs. A. M. Anderson and daughter Kathleen, driving their new Ford station wagon, invited a number of their Tahoe neighbors to ride with them on Sunday last to Auburn where they attended the golden wedding anniversary reception of former Tahoeites Mr. and Mrs. Willis Hevel. Among those who went with them were Mr. and Mrs. C. W. Vernon and daughter, Lillian, Mrs. Evelyn Bliss and Mr. and Mrs. A. M. Henry. Others arriving included Mr. and Mrs. Phil Gallinger, Mrs. Ida Simmonds, N. R. Mayfield and Mrs. Nina Rogers and friend, Mrs. Smith of San Francisco and Tahoe. The Hevel home was beautifully decorated with gold and bronze chrysanthemums, and Mrs. Hevel wore an attractive blue bolero gown in which to receive. A wedding ceremony was performed later in the evening by Reverend Phillips of the Auburn Methodist Church before the assembled relatives and friends, fifty or more being present for the momentous occasion. A large wedding cake and tasty refreshments were served the guests, many of whom were out-of-town relatives.

Had a welcome chat recently with Joe White of Kailua Park, who told me that his and his wife's families sent a total of 124 service personnel into World War II and of that number, only one life was lost. He was Storekeeper 1c Robert Wells West, son of Joe's sister, Mrs. Ray West of San Mateo, who was killed only a

## Whispering Pines

Tahoe Lake School Column

Children and parents of the intermediate and upper grades at Tahoe Lake School on Friday night last enjoyed a Halloween party in the primary room of Mrs. Myrtle Gallinger with Mrs. Dorothy Johanson, teacher, also in attendance. Games, refreshments and entertainment were provided by parents, Mrs. Otis Hursey, Mrs. Jake Stuart and Mrs. Oscar Quam. Decorations used in the room were made by the Tahoe Girl Scouts under the supervision of their leader, Mrs. William Boorman.

From 12 noon to 2 P.M. the same day, 40 tiny tots and eight visitors enjoyed a Halloween party in the primary room, many of the little brothers and sisters of studnest invited. Games and refreshments were furnished by the teacher, Mrs. Archie Scott.

On Thursday, October 31, the children of Tahoe Lake School, driven in the school buses by Al Henry Jr. and Mrs. Stella Watson plan, weather permitting, to attend the Nevada Day celebration to be held in Carson City. It is anticipated 2,000 Indians in full dress will be present and the parade will be the largest and best ever staged by our sister state.

Gerald Waters, Tahoe Park electrician, was one of the lucky hunters who chose the south end of the lake to shoot ducks opening day. He came home early with the limit, all fine, fat ducks. On Monday night, Miss Aileen Waters, their daughter, invited Ollie Henriksen of Lake Forest to join them for duck dinner.

Henry Droste, who closed his home at Homewood several weeks ago and moved to Tahoe Inn to wind up his summer business, is now visiting his family in Oakland. He wife is recuperating from her illness, her summer vacation at Tahoe believed to have done her much good.

few weeks ago when the truck he was operating on a road near Leyte for the Navy was blown up mysteriously. He was one of the very few Navy men left in that region and it has not yet been determined what the cause of the explosion was. He was laid to rest at Alta Mesa in Palo Alto, members of the family attending the burial services...Sgt. Joe White, Jr., now stationed at Fairbanks, Alaska, where for some months past he has served as flight engineer on a B26 writes his folks that he hopes to be released from service around November 17th and thinks he will be out for good when he arrives home once more...Paul White is studying electrical engineering at University of California at Berkeley...and June's husband, ex-Sgt. Jack Holt, for 3½ years with an artillery division, is now taking a pre-med course at Salinas Junior College. This will be a great Christmas for the White family this year and a great day for the White clan when they can all congregate once more at incomparable Tahoe when summer comes again.

Leave you for the week and would not be surprised if I have a good old heavy snowstorm to report before next week, as the barometer remains down some four points or more...and it's plenty cold outdoors.

My best to you all. As ever,  
SWANEE

"Thank you...neighbors..."

"I don't know who shares our party line with us . . . but my hat's off to them for their thoughtfulness and consideration. Naturally, we try to make it pleasant for them, too."

"And the result? Well, we're all getting the most out of our telephone service these busier-than-ever days!"

The Golden Rules for party line neighbors

- Space your calls instead of making a series without interruption.
- Talk only as long as you have to on each call.
- If you are calling from a dial telephone be sure not to dial until you know the line is clear.
- Ask your youngsters not to monopolize the telephone.
- Always be sure to replace the receiver properly after completing a call. Thank you.

## OUTDOOR Notes

By Joe Austell Small

Good Morning, Mother!

No wonder the she bear is jumpy, irritable and afraid of her own shadow when she comes out of hibernation. It is probably nothing more than pure shock. Imagine, if you can, waking up some bright morning and being greeted by a couple of hungry heirs! It must be unnerving to say the least.

Mrs. Bruin goes to sleep in the fall a free woman. But in the dead of winter the bear stork pays her a visit. Cubs have a habit of catching

mama napping.

Who would blame mother bruin for acting queerly upon waking from long, restive sleep and finding two yawning youngsters howling for attention!

Shortest Short-Short Greenhorn.

Friend.

Bang!

End.

Modernized Hiawatha

He killed the noble Mudjekeewis. Of the skin he made him mittens. Made them with the fur side inside. Made them with the skin side outside.

He, to get the warm side inside. Put the inside skin side outside. He, to get the cold side outside. Put the warm side fur side inside.

**STAMPS TO RE-EDUCATE GERMANY**... A new series of German stamps, approved by the coordinating committee of the Allies is designed as a factor in re-education of Germany. The stamps will be used throughout the Soviet, British and American zones of Germany and are aimed at peace and creative labor. They symbolize the dignity of sowing and gathering the harvest, planting, and the workman's toil.

That's why he put the fur side inside. Why he put the skin side outside. Why he turned them inside outside.

**Keeping Your Catch**

There are utterly tons of fish wasted yearly because of spoilage. One of the most common problems of all fishermen is keeping fish after they catch them. Here's an invaluable tip:

Clean fish as soon as possible. Be sure blood is removed from along backbone. Wash and then dry fish with cloth. Be sure it is thoroughly dried. And do not allow water to come in contact with fish again. Carry a roll of parchment paper. Roll each fish individually in this water-

proof and airproof paper and tie the ends securely with string. Roll all small packages of fish into one large bundle, using blanket or several thicknesses of newspapers. Keep in dry, cool place and do not open bundle until fish are to be used. By using this method, fish can be kept upwards of a week in warm weather and will remain fresh and sweet. It is one of the most valuable tips I ever ran across.

**Short Snorts**

Raccoons are among the chief enemies of crows. The animals rob nests of the birds, eating both eggs and fledglings.

A bullet dropped from the hand and one fired from a rifle will hit

## Southern Pacific Wins Naval Decoration for Service During War

The U. S. Navy's "Certificate of Achievement" for outstanding war work has been awarded to Southern Pacific, among other leading railroads of America, according to word received by local representatives of the company.

The award was presented by Admiral Louis Denfeld, chief of naval personnel, at special ceremonies in Chicago and was accepted in behalf of Southern Pacific by Vice President D. J. Russell, representing President A. T. Mercier. The "Certificate of Achievement" is the highest award the Bureau of Naval Personnel can give to an individual or organization not affiliated with the Navy.

Southern Pacific, it was pointed out by Truckee Agent Earl Stice, served more military and naval establishments than any other railroad in the nation and carried record-breaking loads in moving men and material.

**Sentenced to County Jail**  
Buddy Kennedy was taken to the Nevada County jail Friday to begin serving a 30 days sentence for violation of the county sobriety ordinance in a public place in Truckee. He was sentenced by Justice of the Peace R. N. Little.

**VOTE YOURSELF A SQUARE DEAL**  
VOTE "YES" ON 5!  
TO CREATE A People's Court of Tax Appeals

The small taxpayer needs a court dedicated, in part at least, to his own tax problems! The California State Chamber of Commerce and the California Farm Bureau Federation endorse No. 5!

**If You're a Taxpayer**  
Vote "YES" on 5!

Sequoia National Park contains 604 square miles.

the ground at the same instant, provided the bore of the rifle is held parallel to the ground when it is fired.

In most states, the law forbids use of gold fish for bait. The primary reason for this is that gold fish are merely fancy carp. Once liberated they soon reach great size and revert to type. Thoughtless dumping of unused live bait into streams would unloose another depredator.

## Quick ELECTRIC HEAT FOR PERSONAL COMFORT

In every home there is need for the quick, extra service of electric heat. In cold corner rooms, in dens, in dressing and bathrooms, in breakfast nook or basement room, electric heat is the low cost way to solve difficult heating problems. Electric heaters built into the wall are ideal in bathrooms. Plug-in type electric heaters are very often necessities for close-up personal warmth. Electric heaters are quick in action, pouring out a flood of sunny heat at the snap of a switch. Ask to see the new electric heaters at your favorite electrical dealer's.

... Handy as a full length mirror in your dressing room or bathroom is this tall and comforting built-in electric heater.

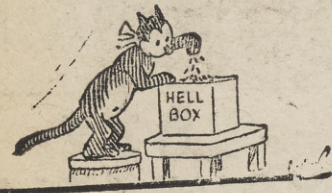

... For bath time use nothing equals the clean, sunny glow of radiant heat from a built-in electric wall heater. It is so safe and healthful.

## MY PLACE in the SUN

by DOUG BARRETT

AROUND TOWN: Bob Simons, taking Marion Follett's spot at the bank, looking for a roof to cover his family here....Keith Weeden sporting one of those classy Arctic flying jackets being featured at the Bargain Spot....Charlie Beyers all duded up to peek in at the Rotary Club's "Howe'en" party for the kids last night....The

ringing rhythm of the SP section gang's picks in the brisk morning air....They say the coal oil merchants smear on their windows against Halloweenie pranksters is harder to get off than the soap marks....One of younger artists did my portrait in soap or wax on the office door last night—a skull and bones labelled "Dug"....Glad to hear Irene Englehart has regained her vivacious personality, badly shaken by her recent auto accident....Don't fail to do your duty to yourself and your nation —VOTE NEXT TUESDAY!

If you plan to follow my suggestion of last week and attend the dandy dance the Firemen have planned for Saturday night, the locale has been shifted down the block from the Masonic Hall to the Capitol Hall. I'm told by Big Chief Dolley. Wherever it is, it's bound to be a great time for all so come on up.

By CARL HELM

NEW YORK—"It's all right for a visit," say the folks from out yonder of this Isle of Manhattan, "but I wouldn't live there if you gave me the place!"

Well, the folks who live here for a variety of strange reasons wouldn't visit the place—so there! It's enough for them to know that Broadway, the nightclubs, the Empire State Bldg. and all the rest is there waiting for them, outside the door, if they want it.

For the most part, though, they stay at home, go to the neighborhood movies and taverns on their weekly night out, and only see noisy, jammed, glittery Broadway as an effluence in the distant night sky.

Except, of course, when some of you folks come to town and expect to be entertained by local relatives or friends. Then the New Yorker, with many a concealed groan and sigh, has to forsake his slippers and easy chair to escort you four nights of packing into three or four nights of hospitality more fast gadding and bibbling than ordinarily he would in three or four years.

"Tired but happy," you folks go thankfully back home then, shaking a head over "poor Jim-I don't see how he stands New-York!" for the fast life he leads!

### Home Again—

Mrs. Dan Smith returned Monday from the Bay area.

### North Tahoe Club—

A meeting was held at the North Tahoe Community Club October 23 when ways and means were discussed to keep open and improve the Truckee-Brookway cutoff. P. M. Burroughs is chairman of the highway committee.

### At Applegate—

Mr. and Mrs. J. L. Walker, Home-wood summer residents, have recently moved from Elsinore to Applegate.

### To Sacramento—

Mr. and Mrs. Jack Pistoia, who have spent the summer here, plan to winter in Sacramento.

### Still in Hospital—

Frank Clark, widely known local man, is reported to be doing well in the Washoe hospital at Reno where he is being treated for a broken hip suffered in a fall from a roof on which he was employed. He fell three weeks ago.

### Move to Donner—

Mr. and Mrs. George Clark have moved from Tahoe to their home near Donner Lake for the winter.

### Enjoy Banquet—

Twenty-five members of Summit Temple No. 79, Pythian Sisters, attended the anniversary banquet held at the New California Cafe on Thursday evening, October 24. Cards and other games were enjoyed by the group following the business meeting held in the lodge rooms.

## Tahoe-Sierra Counties Get Rebate from Liquor Fees

SACRAMENTO—California cities and counties are about to share \$3,191,058.65, representing half of the alcoholic beverage license fees for the first six months of 1946, according to an announcement made here today by Richard E. Collins, chairman of the State Board of Equalization.

Of this sum, shared on the basis of the location of licensed premises, \$13,340.63 will be distributed in Nevada County, where \$6,751.87 will go to the county treasury for use in the unincorporated areas of the county and the balance to Nevada City and Grass Valley.

Totals for other Tahoe-Sierra counties are Alpine, \$124.38; El Dorado, \$7,946.25, with \$5,807.50 to the unincorporated area; Placer, \$17,867.82, of which \$7,776.25 goes to the unincorporated area.

"Current allocations," said Collins, "will bring the cities' and counties share of state license fees to \$35,536,640.09 since repeal of prohibition in 1933. This revenue has been collected and distributed by the State Board of Equalization at no cost to local governments. After deducting administrative expense, the remainder of the fee proceeds goes to the State General Fund."

### From South—

Mrs. Freeman Campbell of Pasadena, sister of Mrs. William Englehart, Jr., arrived last weekend to visit.

### Out of Town Guests—

Mr. and Mrs. Charles Walker and Howard Leamon of Sacramento were out of town guests at a dinner given by Mrs. Harold Langille on Sunday in honor of Jim Leamon's birthday on October 26.

### Birthday—

Maurice Franzini celebrated his birthday on Monday, October 28 with the family gathering at the home of Mr. and Mrs. Wm. Englehart, Jr., due to the fact that Mrs. Englehart is confined to her bed since an automobile accident last week. A decorated cake, baked by Mrs. Franzini, centered the refreshment table.

### Visits Here—

Miss Joy Hodson of Las Vegas is visiting her father, H. H. Hodson.

## TAHOE BRIEFS

Mr. and Mrs. Phil Gallinger of Tahoe City spent the weekend in Grass Valley where they visited at the home of her brother and family. Mr. and Mrs. Elton Carvi. He is a supervisor of Sierra County.

Mr. and Mrs. George Collins and son Timmie were Tahoe visitors at the home of her parents, the Rob Watsons, in town last week. Tim turned five years old on Monday, October 28th.

### Here for Hunt—

Harry Loynd of Detroit has been visiting his brothers, Walter and E. L. Loynd, here and enjoyed the opening of the duck hunting season with the Truckee group near Fallon.
